Advanced Pharmacotherapy in Critical Care

Sessions

Optimization of Antimicrobial Routes of Therapy: Peritoneal, Intrapleural, and Intraventricular Administration
John M. Allen, PharmD, BCPS, BCCCP, FCCP, FCCM

Role of Biomarkers and Rapid Diagnostic Tests in Antimicrobial Stewardship
Scott Mueller, PharmD, FCCP

Optimization of Antimicrobial Dosing Based on Pharmacokinetic and Pharmacodynamic Principles
Andrew S. Jarrell, PharmD, BCCCP

Managing Transitions of Care for Critically Ill Patients With Chronic Heart Failure
Melanie Smith Condeni, PharmD, BCPS, BCCCP

Fluids in the Failing Heart
Paul Reynolds, PharmD, BCCCP

Management of New-Onset Atrial Fibrillation in the ICU
Nicole M. Palm, PharmD, BCCCP

Oncologic Emergencies in the ICU
Heather Personett May, PharmD, BCPS, BCCCP, FCCM

CAR-T Cell Therapy and Acute Toxicity Management
Anne R.T. Brown, PharmD, BCCCP, FCCM

Recognizing Immune Checkpoint Inhibitor Toxicities
Jessica L. Elefritz, PharmD, BCCCP

Tenets of Precepting
Trisha N. Branan, PharmD, BCCCP

Teaching on the Fly: Informal Bedside Education and Alternative Strategies
Judith Jacobi, FCCP, BCCCP, MCCM

Teaching Across Generational Gaps and Engaging Over Virtual Platforms
Andrea Sikora, PharmD, MSCR, BCPS, BCCCP, FCCM

It’s a Two-Way Street: Roadmap to Mentorship and Sponsorship
Christina M. Rose, PharmD, BCCCP

Treating the Unknown: Strategies for Evaluating Possible Overdose When the History Isn’t Present
Megan A. Rech, PharmD, BCCCP

Novel Drugs of Abuse: Synthetic Agents, Opioid Analogs, and Other Drugs
Caitlin S. Brown, PharmD, BCCCP
Transitions of Care to the ICU: Providing Ongoing Treatment and Managing Withdrawal
Rachel M. Krue, PharmD, BCCCP, FCCM

General Evaluation of Acid-Base Abnormalities
Amy L. Dzierba, PharmD, FCCP, BCCCP, FCCM

Iatrogenic Causes of Acid-Base Abnormalities
Melanie Laine, PharmD, BCCCP

To Use or Not to Use: Bicarbonate Infusion Controversies
Michael Liu, PharmD, BCCCP, BCNSP, BCPS
