

# 48<sup>th</sup> Critical Care Congress Top 5 Sessions

---

## **Flipping the Switch on Bleeding: What's New in Anticoagulant Reversal**

Prevention of Perioperative Bleeding: Who Decides on the Approach?

*Mayur Narayan*

Washed Over: Approach to the Care of the Bleeding Trauma Patient

*Samantha Gambles Farr*

Stopping the Clock: A Neurosciences Perspective

*Michael J. Erdman*

Translating Guidelines Into Clinical Practice

*Mark D. Cipolle*

Bedside Application of Reversal Agents

*Shaun Rowe*

## **Right Ventricular Failure: New Concepts, New Therapies**

Pathophysiology of Acute Right Heart Failure

*Steven M. Hollenberg*

Evaluation of Right Ventricular Function

*Laura Mercer-Rosa*

Pharmacologic Therapy for Right Ventricular Failure

*Cliff Greyson*

Mechanical Circulatory Support for the Failing Right Ventricle

*Jacob C. Jentzer*

## **Plenary Session: A 2020 Vision of CPR: Evolution, Revolution, and Novel Solution**

*Paul E. Pepe*

## **Opening Session: Presidential Address**

Heatherlee Bailey

## **Plenary Session: Late-Breaking Studies That Will Change Your Practice**

Sepsis Surveillance Using Adult Sepsis Events Simplified eSOFA Criteria Versus Sepsis-3 SOFA Criteria (Critical Care Medicine)

*Chanu Rhee*

Andromeda-Shock: Effect of a Resuscitation Strategy Targeting Peripheral Perfusion Status Versus Serum Lactate Levels on 28-Day Mortality Among Patients With Septic Shock (JAMA)

*Glenn Hernandez*

## **Plenary Session: Extracorporeal Life Support in Critical Care**

*Robert H. Bartlett*

## **Plenary Session: Response to Injury and Stress: A Genomic Storm**

*Ronald V. Maier*

## **Plenary Session: Did I Start the Opioid Epidemic?**

*Renee C.B. Manworren*

## **Plenary Session: A View From the Edge: Creating a Culture of Caring**

*Rana L. Awdish*

## **Plenary Session: The Changing Continuum of Healthcare**

*Brett P. Giroir*

## **Plenary Session: Improving Critical Care and Outcomes Using National Clinical Audit**

*Kathryn Rowan*

### **Make It Stop: Hemorrhagic Control**

Measuring Coagulation

*Robert Gosselin*

Surgical Hemostasis

*Jeremy W. Cannon*

Blood Components

*Philip C. Spinella*

Pharmacotherapy

*Scott A. Chapman*

### **Optimizing Antibiotic Use in Your ICU**

The New Paradigm: Antibiotic Stewardship in the ICU

*Simon W. Lam*

How to De-Escalate Antibiotic Therapy

*Michael Klompas*

When Not to Give Antibiotics

*Philip S. Barie*

Therapeutic Antibiotic Monitoring and How to Effectively Decipher It

*Scott Micek*

### **Precision Immunomodulation for the Treatment of Severe Sepsis**

Clinical Manifestations of Sepsis: From Acute Inflammation to Prolonged Immunosuppression

*Hallie Prescott*

Better Care Through Better Science: The Role of Novel Immune Biomarkers

*Lyle L. Moldawer*

Infusing Precise Immunomodulation in Sepsis Into Trials

*Sachin Yende*

### **Assessing End Points of Resuscitation in the ICU**

Choice of Fluids for Resuscitation and Avoiding Fluid Overload

*Greg S. Martin*

Determination of Fluid Responsiveness After Initial Resuscitation: Invasive Methods

*Michael R. Pinsky*

Determination of Fluid Responsiveness After Initial Resuscitation: Noninvasive Methods

*Michael J. Lanspa*

Focused Cardiac Ultrasound to Determine Fluid Responsiveness

*Jose L. Diaz-Gomez*

Fluid Management After Shock Resolves

*Colin K. Grissom*

### **ACCM Adult Guidelines for the Prevention and Management of Pain, Agitation/Sedation, Delirium, Immobility, and Sleep Disruption (PADIS)**

Methods and Application of Key Pain, Sedation, and Immobility Recommendations

*John W. Devlin*

Application of Key Delirium and Sleep Recommendations

*Gerald L. Weinhouse*

ICU Survivor Perspectives

*Cheryl J. Misak*

Lessons Learned, Implementation Suggestions, and Future Steps

*Yoanna Skrobik*

**Pro/Con Debate: Do Vitamin C and Thiamine Make a Difference?**

Pro: Vitamin C: What Can't It Do?

*Michael Hooper*

Con: Vitamin C Cannot Do Everything

*Andre C. Kalil*

Pro: Thiamine: Evidence-Based Therapy or Fear of Missing Out?

*Michael W. Donnino*

Con: Thiamine: Evidence-Based Therapy or Fear of Missing Out?

*Krishnan Sriram*

**Hot Controversies in Sepsis: Surfing the Wave of Change**

Steroids for Everyone, No One, or Just a Select Few

*Bram Rochweg*

Which Fluid-Balanced Crystalloid, Unbalanced Crystalloid, or Just Albumin?

*Greg S. Martin*

Early Fluids or Early Vasopressor Agents

*Michael R. Pinsky*

Early Goal-Directed Therapy . . . Is a Verb and Not a Noun

*Emanuel P. Rivers*

Caring for the Patient: Protocolized or Individualized

*Mitchell M. Levy*
