

# Fundamental Critical Care Support, Seventh Edition

## Table of Contents

<b><i>Chapter</i></b>	<b><i>Title</i></b>
	Preface
1	Recognition and Assessment of the Seriously Ill Patient
2	Airway Management
3	Cardiopulmonary/Cerebral Resuscitation
4	Diagnosis and Management of Acute Respiratory Failure
5	Mechanical Ventilation
6	Monitoring Oxygen Balance and Acid-Base Status
7	Diagnosis and Management of Shock
8	Neurologic Support
9	Basic Trauma and Burn Support
10	Acute Coronary Syndromes
11	Life-Threatening Infections: Diagnosis and Antimicrobial Therapy Selection
12	Management of Life-Threatening Electrolyte and Metabolic Disturbances
13	Special Considerations
14	Critical Care in Pregnancy
15	Ethics in Critical Care Medicine
16	Surgery in Critical Care

<b><i>Appendix</i></b>	<b><i>Title</i></b>
1	Rapid Response System
2	Airway Adjuncts
3	Endotracheal Intubation
4	Intraosseous Needle Insertion
5	Arterial Blood Gas Analysis and Treatment
6	Brain Death
7	Organ Donation

# Fundamental Critical Care Support: Resource Limited

## Table of Contents

### Preface

1. Recognition and Assessment of the Seriously Ill Patient
2. Diagnosis and Management of Shock
3. Airway Management  
Appendix to Chapter 3
4. Acute Respiratory Failure and Mechanical Ventilation
5. Monitoring Oxygen Balance and Acid-Base Status
6. Analgesia and Sedation Management
7. Neurologic Support
8. Trauma and Blast Injury Care
9. Team-Based Care in the Austere and Operational Environment
10. Burn Injury
11. Life-Threatening Infections: Prevention, Diagnosis, and Management in the Austere and Operational Environment
12. Management of Life-Threatening Electrolyte and Metabolic Disturbances and Acute Kidney Injury
13. Critical Care in Infants and Children with Limited Resources in Austere Environments: The Basics  
Appendix to Chapter 13
14. Pediatric Trauma and Disaster Management
15. Emergency Preparedness in the Austere and Operational Environment
16. Telemedical Support in Austere and Operational Environments
17. Transport of the Critically Ill or Injured Patient
18. Fever and Disease in the Tropics
19. Ethical Considerations in the Austere and Operational Environment
20. Management of Pregnancy in Resource-Limited Settings  
Appendix to Chapter 20
21. Acute Coronary Syndromes and Arrhythmias
22. Environmental Exposures
23. Chemical, Biological, Radiologic, and Nuclear Events  
Appendix to Chapter 23
24. Travel Safety and Security for Medical Personnel
