

# Advances in Veterinary Critical Care On Demand

## Sessions

---

Current Assessment of Acute Kidney Injury: Classification and Role of Conventional Biomarkers

Larry Cowgill, DVM

Future Assessment of the Acute Kidney Injury: Role of Novel Biomarkers in Acute Kidney Injury and Beyond

Larry Cowgill, DVM

Role of Extracorporeal Therapies in Critical Care

Larry Cowgill, DVM

Extracorporeal Management of Peracute Immune-Mediated Disease and Exogenous Poisoning

Larry Cowgill, DVM

Role of Hemodialysis for Acute Kidney Injury

Larry Cowgill, DVM

Progressive Nature of Kidney Disease: Is Progressive Chronic Kidney Disease a Slow-Moving Acute Kidney Injury?

David Polzin, DVM, PhD, DACVIM

Dysnatremias in Renal Patients: Principles of Diagnosis and Management

David Polzin, DVM, PhD, DACVIM

Quantitative Understanding of the Distribution of Resuscitative Fluids in Dogs

Larry Cowgill, DVM

Appropriate and Inappropriate Fluid Management of Acute Kidney Injury

Larry Cowgill, DVM

Appropriate and Inappropriate Fluid Management of Glomerular Disease

David Polzin, DVM, PhD, DACVIM

Complementary or Differential Role of Serum Creatinine and Symmetric Dimethylarginine in the Assessment of Kidney

David Polzin, DVM, PhD, DACVIM

The Ins and Outs of Blood Product Selection, Administration, and Storage

Marie Kate Holowaychuk, DVM, DACVECC

Updates on Hemoglobin-Based Oxygen Carriers, Canine Albumin, and Other So-Called "Alternative" Blood Products

Marie Kate Holowaychuk, DVM, DACVECC

Selection and Screening of Canine Donors: Infectious Disease Screening and Beyond

Marie Kate Holowaychuk, DVM, DACVECC

Selection and Screening of Feline Donors: Infectious Disease Screening and Beyond

Marie Kate Holowaychuk, DVM, DACVECC

Recipient Screening: What's New with Blood-Typing and Crossmatching in Dogs and Cats?

Marie Kate Holowaychuk, DVM, DACVECC

Blood Product Sparing Techniques: Xenotransfusion, Autologous Transfusion, and More!

Marie Kate Holowaychuk, DVM, DACVECC

Emergency Critical Care: Year in Review

Benjamin Brainard, VMD
